

SEE YOURSELF AT APL-UW

Diverse + Inclusive Naval Oceanographic Summer Internship Program

DINOSIP

This internship program for undergraduate students provides opportunities to conduct your own research project with a skilled mentor, participate in professional development, build community with other young scientists, and learn to navigate a career in maritime and oceanographic science, technology, engineering, or mathematics (STEM) fields.

23 June - 22 August 2025

Hosted by Applied Physics Laboratory - UW
Interns receive a \$7,000 stipend,
housing, and limited travel expenses.

For more information and to apply, visit
www.apl.uw.edu/education/dino_sip.php

Application deadline: 28 February 2025
